Bike PAC Party

You're invited to attend the annual fundraising event for Cascade Bike PAC on September 5 with special guest Rep. Hans Dunshee.

We all want safer communities for families to bicycle, and the state, ports, counties, and cities need to plan, fund, and build the infrastructure necessary to make it possible. As you know, whether it's completing the Missing Link to the Burke-Gilman Trail or creating the Cross Kirkland Corridor, having the right elected leaders can make all the difference. That's why Cascade is working hard to elect its 43 endorsed candidates.

This fall, our goal is to raise \$20,000 to help elect Cascade's candidates, and this event is our biggest single effort to reach our goal.

SEATTLE POLICE DEPARTMENT

Car Prowls

Don't become another victim!

Car prowls are crimes of opportunity that are committed within seconds.

They are expensive, inconvenient, and aggravating for victims.

Thieves are targeting vehicles of all makes and models for valuables including:

- GPS Devices
- Cellular Phones
- Purses
- Cash
- Laptops
- Cameras
- Luggage
- Garage Remotes

Most stolen property is traded or sold on the street within minutes of the crime, lowering the chance of recovery.

Thieves commonly break windows for entry, but many are also successful at defeating door and trunk locks.

PREVENTION

BE CONSISTENT

- Remove all valuables from your vehicle every time you park.
- If valuables must be left behind, hide them out of sight several blocks before parking.
- Disable internal trunk releases per your owner's manual instructions.
- Audible alarms or other theft deterrent devices can be effective.
- Security garages are only secure if entering and exiting drivers watch the door fully close behind them every time.
- Remote controls for security garages should never be left inside parked vehicles. They provide future access to returning thieves.

BE OBSERVANT

Report all crimes and suspicious activity to 911 immediately
